SMOG DOCTOR XR 5W30

Application:

SMOG DOCTOR XR 5W30

It guarantees optimal performance and full engine protection under all operating conditions. The most modern low-SAPS formulation (decreased contents of sulfated ash, sulfur and phosphorus) guarantees excellent oil parameters, reduces the risk of valve wear, while providing better sludge control – this contributes to the reduction of sludge particles on Diesel Particulate Filters (DPF) and reduces the possibility of poisoning the catalytic converters in engines with spark ignition.
